

Day of Data  
Albany

## University at Albany August 8, 2026

### About

Day of Data is an all-day free technical training event that provides data-centric training to New York's Capital Region.

Technical and professional sessions are provided by experts from around the country that are geared towards software developers, data professionals, IT professionals, students, and anyone else interested in learning in-demand skills.

This is our 9<sup>th</sup> year in Albany, NY. We are excited to bring high-quality training to you in these areas (and more!):

- **SQL Server and Relational databases**
- **Azure SQL Database and Managed Instance**
- **Azure Synapse/Fabric**
- **AI & Machine Learning**
- **Business Intelligence**
- **Security**
- **R/Python**
- **Powershell**
- **Performance Tuning/Optimization**
- **Monitoring**
- **High Availability/Disaster Recovery**
